HAWAII GEOGRAPHY TOUR DEPARTING APRIL 2027

Dear Parents/Caregivers and Students,

We are pleased to share an exciting opportunity for Geography students from Saint Kentigern College to extend their learning beyond the classroom by travelling to Hawai'i. This experience is designed to support the geography curriculum area, while giving students the chance to explore real world examples of the concepts they study.

During this tour, students will see the impact of volcanic activity on the landscape, learn about natural hazards and disaster management, experience traditional Hawaiian culture, visit museums and historic sites, enjoy marine and coastal environments, experience selected tourist locations and take part in memorable outdoor and adventure-based activities. Highlights include exploring Hawai'i Volcanoes National Park, visiting the Pacific Tsunami Museum, learning from locals, enjoying surf lessons at Waikiki Beach, visiting Pearl Harbour and the USS Arizona Memorial, and experiencing beautiful natural locations throughout the Big Island and O'ahu.

We would like to invite you to an **Information Evening** which will be held in conjunction with Defining Moments, a specialist education tour provider that works with New Zealand schools nationwide.

**26 February 2026 at 6:00pm
In the Staffroom**

Register for the Information Evening by following this link:

[Geography Hawaii Tour April 2027 - Information Evening Registration](#)

The purpose of the evening will be to provide detailed information on the tour itinerary and to cover all other aspects related to the proposed tour. There is further information on the trip OLE page: [please click here](#)

There will be an opportunity at the end of the evening for questions; the presentation is expected to be no longer than one hour. We look forward to seeing you on the night.

Yours sincerely,

Jeff Mather
HOD Geography
