

Easter work Panmure Roundabout – Road Closures

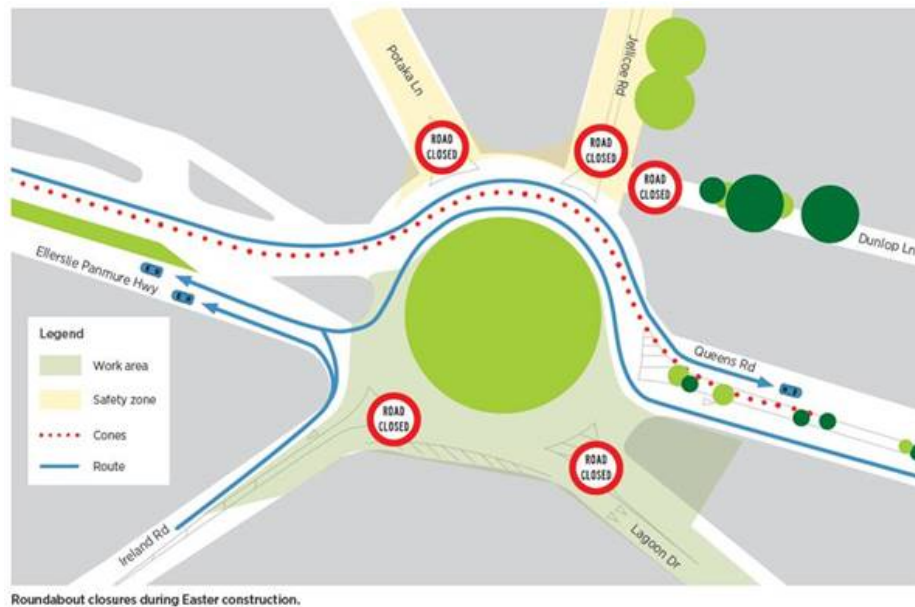

The Easter holiday weekend is a time for many people to head away to relax.

With traffic volumes significantly lower than normal, it is an ideal time for us to carry out major work on Panmure Roundabout.

Between 19 and 29 April, we will be carrying out intensive work on Panmure Roundabout including removal of the Panmure sign (see the latest [AMETI newsletter](#) for more on the sign) along with removing trees along Lagoon Drive in preparation for retaining walls to be built. The walls are imperative to the project as it will allow the road and footpaths to be widened for construction of the busway and shared path.

Road closures will be implemented as a safety measure while work takes place during the Easter and ANZAC Day period (see diagram below). Access to Lagoon Drive will be maintained for residents, staff and customers of Lagoon Pools and Leisure Centre. This access will be open via the Lagoon Drive / Church Crescent end of the closures.

Throughout this work, an east-west traffic flow (Ellerslie Panmure Highway - Queens Road) across the roundabout will be maintained. A left turning option will also be available out of Ireland Road.

If you would like to come and talk with a member of the Eastern Busway team, drop in to our information centre in Pakuranga Plaza - Tuesday and Thursday 2pm - 6pm.
