Dear Parents, Caregivers and Students

As the year starts to draw to a close, our Year 13 students had an enjoyable last week which ended with their Old Collegians brunch on Friday. All the senior students have now commenced their study leave and we wish them all the best for their upcoming exams. Middle School students have completed their end of year exams and will be starting their end of year programmes in a couple of weeks.

### Student Pathways Programme 2021

As you may be aware, we are re-introducing the Gateway programme to Year 12 and 13 students from 2021. As we are an independent school, we are not able to use the name 'Gateway' and instead have called it Student Pathways Programme. The programme provides 'structured workplace learning' for students who have an idea of a possible future job or career they wish to explore.

We are currently looking for businesses who can help us by providing 10 days' of free work experience, either 1 day per week for 10 weeks or during the school holidays in a variety of different industries. If you would like more information about the experiences and opportunities, we are offering students, [please click here](#) to take you to the Student Pathways Programme OLE page.

If you are able to assist us with providing work experience, [please click here](#) to register your details with Jo Jacques, the Student Pathways Coordinator.
