Bronze Duke of Edinburgh Award 2025

This letter outlines the following:

- Registration and Payment for the Award
- Overview of the Award
- Further Information

Registration and Payment for the Award

Registration and Payment for the Award is directly through the DOE website – not the College. The College is an approved Award Centre – we administer the Award on behalf of the Duke of Edinburgh's International Award Programme. Being an external Award, means it is a student driven Award. Students must demonstrate commitment and organisation to successfully achieve the award, it is not the responsibility of the College Staff to ensure its completion. However, the College does have an expectation that the Bronze Award will be completed by the set date, if the students want to progress into the Silver Award the following year.

Award Registration:

1. Here is a link to the [DOE Website](#)
2. Here is the link the [registration page](#).
3. Students are to **register** a new account as an Award Participant.
4. **Students are to use their school email address.**
5. **Parents are to pay directly online (\$95) on the website and complete the electronic consent.**
6. **Students need to be registered and paid online by Friday 21 February**

There will be a fee of \$120 for the Training Day and Practice Journey (Overnight Hike) charged to your College account after the Practice Journey's.

Selection of Training Day, Practice Journey, Parental Consent and Medical Information Form:

Once the online registration and payment has been completed, the following form needs to be completed

Click here

The cut-off date for this form is **Friday 21 February at 5pm** as training groups need to be allocated for the Training Day and numbers confirmed for Practice Journey bookings.

To be able to attend the Practice Journey, students must have:

- Attended a training day
- Correctly set up their Physical Recreation, Service and Skill components including their Assessors on the ORB (Online Record Book)

Overview of the Award

This is a student driven award where your child will be required to be organised, proactive and independent in all aspects. The award consists of 3 activity components – Physical Recreation, Skill and Service. One of these components is to be chosen as a major and be completed over a 6-month period and complete 26 hours. The minor components are to be completed over a 3-month period and 13 hours. **Please note that only 1 hour per week can be logged on the Online Record Book (ORB).** This means even if a student does 3 hours of service in one week, they can only log one hour. This is designed so the students do not over commit and can maintain balance in their schedules.

Students are required to work in their own time towards completing their Physical Recreation, Service and Skills components throughout the year. The expectation for these is that they set a specific goal and then some form of improvement is shown over the time period. Each of these components will have an Assessor who will determine if they have met the requirement and achieved the correct number of hours and weeks (see the Bronze DOE OLE page for more details). This Assessor is the person who will oversee your child such as a sports coach; **it cannot be a family member. For all other queries your child's Award Leader (Teacher assigned to them to monitor their ORB progress) is their first port of call.**

The award also consists of two Adventurous Journeys. A **practice** journey and a **qualifying** journey. To prepare for the practice journey we will run a training day at the college. The Practice Journey is an overnight Hike. The Qualifying Journey is built into Field Centre (Year 10 Camp at the end of the year).
